## *Pastoral Referral Plan*

Our team of professionals recognize that a referral from a pastor is an opportunity to share in a person's journey in life and we hold that partnership with great trust. We also acknowledge that there are those whose finances do not permit time spent with a counselor. Therefore, we do offer a reduced rate of 75.00 per session to pastors and churches, who would like to partner in the counseling process by sponsoring a specified number of sessions that will be invoiced to the church for these vital services. Often times we find that an individual may have insurance coverage, but with a higher copay or co-insurance. This can also be invoiced to the church in an effort for the person to receive benefit for using their insurance, but with help from the church for the copay.

At Agape, we are committed to providing encouraging, professional, and soul focused counseling. Our mission is to "restore souls to health and peace", and as Christ followers, we know that this vision will only be realized as we create connections and partnerships that will reach those who need our services most.

If you would like to participate in this way with the team at Agape, please do so by providing your signature at the bottom of this page, and faxing to (910) 399-6598 prior to first session or by calling our office. We look forward to serving alongside you as you care for your congregation.

My signature indicates that I would like to participate in this agreement as needed.
